The Christian Commission

During the coming week, the cause of the United States Christian Commission is to be laid before the people of this State, so far as the limited time of the Reverend representative will permit we therefore deem the present a fitting occasion to state a few facts in relation thereto, in the hope of eradicating some erroneous impressions which seem to have taken hold of the public mind in regard to its objects It is often urged by the thoughtless that this Commission is formed for the sole purpose of 'putting tracts into the hands of dying men, and that "the money would be much better expended in providing such comforts and medicines as would allay their physical sufferings' The prime and only reason for this organization is that a measure of supplies, identical with those furnished by the U S Sanitary Commission, may be distributed among the suffering by men qualified to alleviate the spiritual wants of the dying The corps of Evangelists engaged in this work is composed of volunteers from among the most able, earnest and consistent Christian ministers of our land They take nothing for their services or their time. Many of them have left large congregations, and salaries of from $1,000 to $5,000 per annum, to go among the different divisions of the grand armies, in the hospitals on the battle fields and hurtling missiles, among the dying in ambulances, by the roadside, or wherever sickness or suffering or distress may be found as a result of "cruel war" While they may carry and distribute tracts among the healthy and hopeful troops around the camp-fire, they carry and dispense cordial and balm for the wounded body and distressed mind of him who falls upon the battle field Surely no candid and intelligent human being can object to the imparting of those consolations of religion to the dying among our nation's defenders, which they themselves would require if stricken down by the hand of disease in their peaceful homes and surrounded by sympathizing relatives and friends The usefulness and efficiency of the Christian Commission is officially attested by the Heads of Departments, and also by the Commanding General.

The moneys collected for their use are expended as judiciously for the interests of the soldier, and their proceeds distributed with as much care, as if the money had been in possession of the main organization to which this christian movement is auxiliary They accompany the troops into battle, and without regard to whistling bullets or shrieking shell, promptly repair to the side of the fallen, administer to his wants, bind up his wounds, allay his thirst, as soon as possible remove him to a place of quiet and safety, and while thus caring for the physical wants, whisper in his ear words of loyal consolation and christian hope Truly this is the most sublime mission that man has ever been called to fill On the battle fields of Virginia alone, were at last accounts four hundred and fifty of those devoted christian nurses, and they are distributed through every department where the tocsin of war is sounding These modern Christian Knights are fighting a glorious warfare They encourage and strengthen our men They carry bandages to bind up and save the wounded body, water to relieve the parching tongue, and the sweet consolations of religion to sooth the dying soul Truly can it be said of them, they have "the corn of nourishment, the wine of refreshment and the oil of joy" Those who contribute to the funds of this branch of the great commission, perform the highest and most sacred duty demanded of mortals It is robbing no other sanitary commission to give to this In the discharge of its self imposed obligations it knows no sect, in its hosts are counted neither "priest" nor Levite," they are all Samaritans. Let every one attend their meetings, hear their story, contribute to their cause, and go down to his house justified'

FIAT JUSTITIA —In yesterday morning's issue we copied an item from the Dalles *Mountaineer*, to the effect that Theodore Burmester, formerly of the Dalles, had shot and killed a man in the Kootenai mines, and that the miners would probably hang him We have since been informed by Mr James D Mathison that he left Mr Theodore Burmester only one week since, keeping a hotel in Grand Ronde valley, and that he had not been absent from that place for some time We do not know the motives prompting the publication of such an unfounded report, and deeply regret having been made a party to its circulation If a murder *was* committed in the Kootenai country as stated in the *Mountaineer*, it was certainly not committed by Theodore Burmester

Letter from Placerville.

PLACERVILLE, Boise Co I T, Aug 9 b 1864

EDITOR OREGONIAN

Having just returned from a visit to the several quartz lodes and claims in the neighborhood, I propose to give you a brief description of their condition, although some of the matter herein contained must necessarily repeat what may have appeared in your columns from other correspondents On arriving at Granite Creek, I found many of the miners busily engaged in getting out rock to be crushed in the mill of Col L. H Raymond which will be in readiness to commence operations about the 10th of September The first ledge visited was the Gray Eagle, on which labor has been temporarily suspended the tunnel having ceased during the past winter, and the owners are not ready to repair the damage The Web foot ledge having had the amount of labor expended upon it required by the Quartz Mining Regulations of Idaho at last previous quiet, arrangements are being made to resume and push forward the work Columbia ledge a continuation of the same lead, separated simply by the channel of the creek, owned by the Columbia Gold and Silver mining Company, has a tunnel already 110 feet deep with a side drift of 10 feet the end of the tunnel is at a depth of 80 feet, and displays good quartz in abundance The lead is 14 feet wide the character of the quartz has changed considerable as the tunnel progressed being at the end of a much finer texture As high as eighteen cents an ounce has been taken from the rock which showed only a few small particles of gold on the surface, mingled with sulphates of iron it is easily beated to a fusing point crushed amalgamated and retorted The rock shipped to the President of the Company, and which is said so well is a thing more than the common average of the quartz The work has progressed rapidly under the superintendence of Wm A. Daly, Esq, but is now temporarily suspended, until the arrival of a lot of blasting power and steel drills, which it will be renewed Four hundred feet above the Web foot is the Columbia lead, lying idle for some time but arrangements have just been made with parties in Portland through Mr Daily to open it for one half interest

Next above the California is the Pioneer the first discovered here it has already more than paid the expense of working yielding $100 to the hand on the surface, with an iron mortar The company is now constructing a road to the mill Next comes the Gold Hill, a well developed lead with a tunnel of 125 feet, and the owners are now running another tunnel near the water level of the creek so as to develop the ledge more fully Directly opposite is the Extension of the Gold Hill, promising as well as the original The loose dirt taken from the tunnel has paid sixteen dollars a day to the hand with a rocker it has so far been but partially represented, but it will probably have its full stock represented soon The Golden Gate next, very much resembling the Pioneer, being full of rich seams The Pioneer Extension onward and called after the Daly Gold and Silver Mining Company who are now pushing a tunnel rapidly forward under the superintendence of Mr Daly, who having forsaken the printing business has turned out a regular quartz miner But I must defer notice of other ledges until a future letter

Oregon State Sanitary Fair

The Ladies' Sanitary Aid Society will meet at the Baptist Church this (Saturday) afternoon at 3 o clock

Not only members of the Society but all ladies interested in the anticipated State Fair are urged to attend

Portland, Aug 19, 1864. MRS A C GIBBS, Sec'y

To the Citizens of Oregon

It is proposed to hold a Sanitary Fair at Salem, during the State Fair commencing on the 27th of September next In view of the urgent necessity of the Sanitary Cause and the briefness of the time allowed to make preparations, it is earnestly hoped that every friend of humanity, and every lover of his country residing in Oregon, will respond to this call

We can say to those at a distance, that ample room and shelter will be provided for all their contributions

In suggesting these committees we presume that some will be unable to act, to all such we would say, procure a substitute, and should there be sections of country where no committees have been appointed, individuals will please act for themselves, and come to the Fair, and see that their donations are on hand, so that no section of country will be unrepresented

Oregon has heretofore responded nobly to these calls of humanity, and now is no time to fail or falter, while every telegram brings the sad news of brave men fallen, and the work of carnage and death still going on shall we, while peace and plenty falls to our lot, forget our bleeding country?

To the Ladies of Oregon, we most especially plead know ing full well that if we have their united support, success will crown our efforts From every woman in the State we crave some article of handiwork Every description of ornamental work which busy fingers designs can frame, to the long list of knitting, from a pair of socks to the most elaborate shawl; in needle work, from the baby's bib to the finest dress; in clothing for men, women and children, let the variety be so complete that no want may be unsupplied Every article of female handiwork that will bring enough to pay for time and material

To the farmers, we look for help, let your offerings be as generous as your hearts, and as a kitchen will be one important feature of the Fair, nothing will be amiss whether from the products of the soil, your dairy or your cattle

From the merchant and manufacturer, miner and businessman, let us have a sample of his wares, or the work of his hands, so that our young State may be fully represented in all her growing wealth and greatness

The County Committees, whose names are below, are requested to solicit and receive contributions, and arrange for their being forwarded to Salem at the proper time It is desired that the County Committees should appoint sub committees to aid them in their work; each member or committee recollecting if they cannot act themselves to endeavor to procure substitutes, so that there may be neither neglect nor delay in making the necessary arrangements

All organized Sanitary Aid Societies are invited to give this matter their especial attention

To the Loyal Men and Women of Oregon

Many of the patriot Lodges in different parts of the State, have expressed a wish to be permitted to hold a Sanitary Fair, on the grounds of the State Agricultural Society, near Salem, during the continuance of the State Fair, commencing on the 27th of September I have not deemed it necessary to call a meeting of the Board of Managers, for the purpose of having it considered. I am very sure I do but express the sentiments of those with whom I have the honor to be officially associated, when I say that it is with pleasure that they yield to the wishes of these great-hearted women

SPECIAL DESPATCHES TO THE DAILY REGONIAN

LATER FROM THE EAST.

Dates to August 18.

WASHINGTON Aug 17 —The following official report has been received

HEADQUARTERS 20th Army Corps before Atlanta July 29 —I have the honor to report that in pursuance of orders I moved my command into position on the right of the 5th corps which was to the extreme right of the army in the field On the night of the 27th and morning of the 28th during our advance in line of battle to move to a desirable position I met the rebel infantry Hardee's and S D Lee's corps who made a desperate and determined attack

11 30 A M July 28 —My lines were protected only by light and rail hastily thrown in front of them The first onset was received and checked but the fight continued until 3 P M during which time six successive charges made were gallantly repulsed with fearful loss to the enemy

Late in the evening our lines was again assaulted and the enemy gloriously repulsed Most of the fighting was done on Howard's and Smith's front which formed the centre

The troops under me have displayed more courage and greater determination Brig Gens Woods Harrow and Smith division commanders are entitled to equal credit in gallantly repelling the assaults My loss is 50 killed, 440 wounded and 53 missing Total 543 I captured 1,000 to 2,000 muskets, 100 prisoners exclusive of 300 wounded and removed to the hospitals Five hundred and sixty five rebels have been buried There are 200 more supposed to be unburied Many more were no doubt carried away during the night as the enemy did not withdraw until daylight The enemy's loss, in my judgement, could not have been less than 6,000 to 7,000

Respectfully yours,
(Signed) JOHN A LOGAN,
Maj Gen Commanding

LOUISVILLE, August 16 —Wheeler with 1,700 men demanded the surrender of Dalton at 3 P M on the 14th, of Col Sheboldt, of the 2d Missouri, commanding the post with 700 men Skirmishing going on when the last train left After the train left Gen Stedman, advised by telegraph of the attack, started with a large force from Chattanooga This raid had been anticipated by Sherman, who had prepared to meet it at important points

On the 11th, 500 guerrillas attacked Selma Livingston county Kentucky, garrisoned by a party of the 4th Ky After a sharp fight, they were repulsed with a loss of 8 killed, 15 wounded, and several captured The Federal loss is 3 killed, 4 captured, and one mortally wounded

The *World's* special at Washington, Aug 16th, says It is reported that Longstreet with 1 000 and Pitzhugh Lee with 10,000, passed through Warrenton on Saturday last moving towards the valley doubtless to reinforce Early These numbers is probably exaggerated Half the number would possibly be nearer the truth

The *Tribune* has the following dispatches from Sheridan of the 15th

Our forces are in possession of Strasburg On our advance toward the town, the enemy, whose force consisted of but one line, fell back, leaving the place in our possession

The enemy has abandoned his works beyond Strasburg, and is believed to be retreating towards Mount Jackson

NEW YORK August 18 —Relative to movements in Deep Bottom, the *Times* special says Tuesday opened with brilliant prospects Gregg's cavalry rested on the right on the Charles City road to protect the right wing of our forces whose left flank extends to James river The front of our line is only about six miles from Richmond. Lee, being central can at present prevent our cutting a canal through the gap, and if he should attempt to mass his forces on either side of the river the exposed points on the opposite side will fall into great danger

Our losses on the 14th are estimated at about 400, killed, wounded and missing loss of the enemy somewhat less On the 15th the enemy's loss was greater than ours, owing to the more favorable position being on our side. The firing on the 15th was mostly musketry after we had got on the enemy's flank and turned him.

Yesterday morning the artillery on both sides was playing rather briskly, when the Fifth Corps massed and charged the broken rebel line and captured 20 prisoners Gregg's cavalry had cleared the roads for Hancock and he got the Second Corps into position

Birney's right is now on the New Market road, which leads from the vicinity of Malvern Hill to Richmond

The position thus taken by Hancock, was about 10 miles from Richmond Birney made an assault in his front and captured a line of the enemy's works, which guard the approaches to Richmond in that direction We captured 6 pieces of cannon and several mortars The same authority states the number of mortars to be four pieces

NEW YORK, Aug 17 —Grant's movement on the 14th shows the main works of the enemy to extend along a commanding ridge covered by a formidable earthwork along the crest in front This defensive line consisted of rifle pits intended as a strong skirmish line which proved an effective obstruction in our advance

Early in the morning, a portion of the troops on the left under Birney, in the advance, rushed forward, charging in gallant style and almost with out firing a shot drove the enemy from their rifle pits covering the Kingsland road, and captured 100 prisoners The enemy retired into their main intrenchments

During the afternoon our troops drove the enemy from an important position at the junction of Kings land and New Market roads, 8 miles from Richmond

Foster's brigade, by a charge, captured the rebel guns on Strawberry Plains

Other troops advanced on the roads leading to Richmond. The cavalry under Gregg, took the Charles City road, from whence, after a sharp engagement Hampton's legion was driven in consid erable confusion, retreating in a northerly direction

Early in the afternoon, Barlow, with a portion of his command, charged and took one line of the rifle pits from the enemy, who stubbornly resisted with artillery and musketry

BANGOR, Me, Aug. 16th —The Democratic State Convention met in this city to day, there was a large attendance Resolutions were adopted denouncing the Administration, declaring the Democracy the only true Union party It was understood that there would be a compromise between the peace and War Democrats

BOSTON, Aug 17 —A dispatch from the Consular Agent at Yarmouth states that six vessels destroyed by the pirate *Tallahassee* on Monday, six miles from Cape Sable

THOMASTON, Me, 18th —The *Tallahassee* yesterday destroyed twenty five vessels off Monhegan, and took a ship named *Nova Scotia*

NEW YORK, Aug 18 —The *Herald* has the following

MARTINSBURG Aug 17 —There is much activity to night in consequence of the reported advance of the rebels

Skedaddlers have already commenced a northern movement and come down the valley bringing various reports

We have news of an engagement at Front Royal

It is said that the rebels are being reinforced by Longstreet's corps

Prisoners report that they understand that the whole rebel army is moving and much excitement exists in the valley

It is not expected here by persons advised that the enemy intend leaving the valley permanently Their sending to Lee for fresh troops is convincing proof that their subsistence is dependent upon keeping up a force there to threaten the Potomac line and keep a large body of our troops in that direction

The *Tribune's* Baltimore special of the 17th says I have just arrived from Shenandoah valley, having left the front Tuesday morning Considerable skirmishing had taken place two days previously Both armies had advanced several times in succession into Strasburg Our cavalry had been scouting on the left and towards the fords of the Shenandoah near Front Royal and on the right towards Sandy Gap The enemy have taken a strong position between Strasburg at Fisher's Mountain On Monday a detachment guarding one of our signal stations on the mountain near Strasburg were captured by the enemy One hundred men sent up afterwards have not been heard from at the last accounts

It is reported that Early has been reinforced by Longstreet and that he was moving down the west in front side of the mountains to flank us at Winchester Whether this is true or not the friends of the rebels were informed at Middletown before they retreated that Longstreet would front Woodstock on Sunday They promised to return again on Tuesday

Our rear has been infested by guerrillas supposed to be the same parts that captured the train a few days since

NASHVILLE Aug 17 —The Chattanooga *Gazette* of the 16th, says of the attack on Dalton by the rebels who numbered 5 000 infantry and cavalry with 6 brass howitzers The garrison numbered 400 At 2 o'clock A M a demand for surrender was made and refused The attack then commenced On the morning of the 15th General Steedman arrived with reinforcements and charged the rebels who fled in confusion The enemy slightly damaged the railroad one mile this side of Dalton but it has been since repaired

The Nashville *Comier* of the 16th says that a force of 1500 rebels attacked our troops guarding plantations at Goodrich Landing The Federals hold their ground until reinforced by troops from the Fort, when they charged and drove the rebels from the field with a loss of several killed

NEW YORK, Aug 18 —Richmond papers have the following

MOBILE, Aug 11 —Heavy firing has been reported at Fort Morgan the 9th 10th and to day The telegraph wire has been cut between the city and the fort

Two vessels are off Dog river bar, six miles below the city this evening

The shores of the bay are covered with debris from the Federal vessels

Large quantities of tar pitch and turpentine have been burned to prevent it from falling into the hands of the enemy

Troops are daily arriving and good feeling generally exists

Foreign News

HALIFAX Aug 16 —The *Persia* from Liverpool the 5th and Queenstown the 7th has arrived

The following are stated to be the terms of peace agreed upon between Denmark Prussia and Austria

Luxemburg with Schleswig and Holstein is to be ceded to the Great German Powers

The Island of Aroe is to remain with Denmark

Alsen and the Islands in the North Sea are to go with Schleswig

The question of the Jutland frontier will take place

JACKSONVILLE, Aug 19—Dr Ballows lectured here this evening He is en route to Portland Will address the citizens of Albany on Monday evening, Salem Tuesday evening, and arrive at Portland on Wednesday

DEMONT AND HIS POSITION —We take following from the St Louis *Democrat*

The spirit of Fremont's letter of acceptance of the Cleveland nomination exhibited so little radicalism as to excite the suspicion among those who nominated him that he was not exactly the man they took him to be, and something has been thought necessary among his friends to arrest the progress of this damaging suspicion The distinguished German radical Carl Heinzen, and Wendell Phillips undertook this task and have given us the proceedings of an interview they had with the Cleveland nominee at Nahant Fremont there unhesitatingly himself to his visitors and declared his position to be

1 He is opposed to Lincoln

2 He is in favor of negro equality He thinks the negroes should have the same rights the whites enjoy In short he insists that 'the word white should be banished from our statutes and institutions

3 He is opposed to Lincoln

4 He is in favor only of a limited confiscation He don't and won't accept the confiscation plank in the Cleveland platform 'With such a paragraph nobody could effect a reconstruction of the South' He views it as a measure of "revenges" and therefore repudiates it

5 He is opposed to Lincoln

6 He is decidedly in favor of soliciting the support and votes of Democrats.

7 He is opposed to Lincoln

Such are the views of the Cleveland nominee. He is partly Radical, partly Democrat, and wholly opposed to Abraham Lincoln

COLORS FLYING —The annual conference of the Methodist Episcopal Church is in session here today They have the stars and stripes flying over the church where they are convened We fear the "cops" will call them abolitionists We heard of one of these gentry last winter, who refused to attend the sanitary entertainments because they sung 'an abolition song"—the Star Spangled Banner—at one of them —*Statesman*, 18th

HORSE SHOER—STAR SHOP!

NO. 1 FRONT STREET, PORTLAND.

ONCE upon a time both a Settler and a Blacksmith were required to work up an old Horse; but now the boots are done away with and the Saddler is required no more And not long ago Mesmerism shoeing was very prevalent in this city, but now it is done away with, because the best of Judges pronounce it to be only fit for Carpet Ponies, and not for American Horses

Having had great experience in the line of HORSE SHOEING, gentlemen favoring me with a trial can rely upon having their work executed in the best workmanlike manner and upon the most reasonable terms

School Beth Israel.

THE SCHOOL BETH ISRAEL WILL OPEN ON Wednesday the 17th inst, under the charge of Mr and Mrs F G DEARBORN, late of the Portland Academy and Female Seminary

The Managers of the school are happy to say that with the aid of the above named well tried and excellent teachers they will now be able to make the school the object of deserved interest and approval on the part of the community at large and the large number of friends and citizens who have hitherto so warmly supported their efforts in making this an establishment to which parents could with confidence send their children for instruction

The Course of Studies will embrace branches of more importance and advanced degree than Before—the studies consisting in part under the new regime of the Lectures of English Literature—Composition, Grammar and Arithmetic, in their higher branches—Geography, &c

The SCHOOL HOUSE on the corner of Sixth and Oak streets also recommends it self by its airy and comfortable rooms and the eligibility of its location—and in offering this Card to the notice of the community this school concludes by promising that their object in the future, as in the past, shall be not only to instruct, but to educate, and attention will be given to not only the intellectual but the moral and physical development of the pupils

THE CHRISTIAN UNION MEETING.—We learn that all the religious denominations wont to hold services in their several places of worship on Sabbath evenings, will meet to-morrow evening at the Methodist Episcopal Church, for the purpose of hearing an address by the Rev. Dr. Patterson, upon the subject of the Christian Commission, and take such action as then and there may be deemed advisable to further the intercst of the cause. Dr. Patterson has had a personal experience among our gallant troops in connection with the Christian Commission, is a free and happy speaker, and his lectures cannot fail of interesting all who are so fortunate as to gain admission. We presume a collection will be taken up during the evening, and it is therefore to be hoped that all will go prepared to give and that liberally to help our sick and suffering defenders. Give to those who thus have a right to demand of your store, and the recording angel will set it down to your credit on the charity side.

THOSE NEW STAIRS.—Loakilitems, in answer to numerous questions regarding the new flight of stairs recently erected in the Dennison House, says the style may be called *Arrigonies;* part Moorish, part Italian. He thinks a sober person would become giddy, and a tight one sober, by a few turns up and down them. Were the course on a level it would be that of the flight of rogues, upon the election of no honest man to office. The form he would call *circular, skew-dangular, circum-bendicular* like. A trip in a dead calm, in the tropics, makes such a track in one night, often. It is supposed that the landlord got enamored of that kind of track, while at sea, sailing in those latitudes. If Loakilitems is not afraid of getting flogged, he would add, that they give the hall quite a baronial, high toned, ornamental appearance. It is broad and gentle, as a road to ruin, but to arrive at that fearful end one must make yourself a party to the suicide, by spending sojourns at the Bar, and in the dining room. You may despair also ever settling a bill with a cool, as the tortuous course you daily pursue defies all accuracy in figures. Talking on the square is unknown in that house, and the noises will never cease it until exorcised by fire. No thief will ever expose his valuable carcase on those steps in search for they are so constructed that he would land in the wrong place. There is a Latin motto of some underground hotel of ancient days that, with a slight alteration might suit the modern institution of that name. When translated it runs in this wise: "It is pretty easy to go into a tavern down stairs, but ever to get back again, perfectly straight and steady, is the very *tugeil.*" This new invention of architecture is designed to obviate this difficulty, as it is quite as easy to go up, as down. Let us hope that the virtuous habits of the individuals of that hotel may survive the shock of time and fire, and its aristocratic landlord shall ascend, with or without his pile, to the highest Alpine crests of his ambition, never again to descend to that Avernus of the old Prosecr. Had he been successful in taking the road turns upon fate, and defying all revolutions in his efforts to keep two hotels, on his return to his native country, whose skies are so cruelly complimented by a comparison with those of Oregon, he could devote his fortune and taste to the revival of that celebrated establishment on the Appian way—the Three Taverns—which for centuries furnished for the comfort and refreshment of the Roman world. Who knows but that, by that time, Liberty may not again claim that beautiful island for her own; the hated Austrian be expelled; and Garibaldi be President of the United States of Italy? "So mote it be."

PLAYED IT FINE.—The members of the Common Council acknowledge themselves sold. On Thursday evening of last week a petition was handed in to that body, by an individual asking the privilege to own a portion of Ash street, and a portion of First street, for thirty days! for the purpose of moving buildings. With the usual liberality of the Council the prayer of the petitioner was granted, and accordingly the buildings were moved. The "sell" exists in the fact that the houses were hoisted from the lot they were on into the street, to prevent being assessed for lease of ground, after which they were re-occupied and we now have a true illustration of a family living in the street." How long it will take to eject them is a matter under consideration by the individual members of the Council.

WATCH RECOVERED.—About five months since Capt Julius Greinsen had a valuable watch stolen from him while stopping over night in LeGrande. Suspicion was fixed upon the individual who stole it, and a description of him, as well as the number and description of the watch, was forwarded to Purser Day of the steamer *Wilson G. Hunt,* who passed the matter in the hands of ex-Sheriff Ladd, who, in turn, by a strategical movement, secured the watch on Thursday last. The proof was not sufficient for holding the man and he was left to pursue his own course, remarking that he lost thirty dollars on that watch.

LAWS OF IDAHO.—We have received from S. J. McCormick a copy of the laws of the Territory of Idaho, neatly bound in sheep. The printing and binding was executed in San Francisco for James A. Glasscock, of Lewiston, Territorial printer. In addition to the laws it contains the Territorial Organic Act, Declaration of Independence, Federal Constitution, the pre-emption and naturalization laws. It is an invaluable work for those doing business in Idaho. They are for sale at the Franklin Book Store.

STREET SPRINKLERS.—The amount of water put upon Front street and First street, every day, for the purpose of laying the dust, is 22,200 gallons, distributed by two sprinkling wagons, capable of carrying 500 gallons each, and yet, like Banquo's ghost, it will not down. Not but that the carts do their work effectually; but because there are not enough of them to extend the good work over the length and breadth of the entire city. If the saying of the hot dry weather has a tendency to "crack our necks," how much worse it must be with such beds of dust as we are obliged daily to encounter.

THE DAYS OF SAILING.—We hear it rumored that the days are to be changed from the 7th, 17th and 27th of the month, to the 9th, 19th and 29th, for the sailing of the San Francisco steamers to this port and Victoria, but the Agents here have received no information of the fact. The steamship *Brother Jonathan* is announced to leave on the 25th, for this port direct, as we learn by private telegram yesterday. The greatest "regularity" in the present system of our steamships, seems to be in sailing on "irregular" days.

THE SOUNDINGS YESTERDAY.—The soundings made by Captain Brown yesterday, were very much the same as those we published on Thursday as the result of Captain Strang's operations, but an obstacle more serious than sand is presented in the deepest channel, in the shape of five ugly snags. Were these removed the communication would be uninterrupted for the largest class vessels. The improvement is needed, and action in the right direction will speedily do the work.

THE HURDY GURDIES.—An importation of girls by the last steamer has revived the amusements at saloons called "Hurdy Gurdies." We are not posted with regard to the origin or the relevancy of the term as applied to dancing and drinking alternately, but suppose it is of ancient date, and custom of the present day adopts it. To harmonize the action with Webster's definition would be too perplexing.

CHEHALIS COAL.—Mr. James Castor of this city, has brought some specimens of stone coal, found on the Chehalis river, one and a half miles from Claquato, W. T. If this mine should prove to be extensive, and produce a good article, it will take the place of the coal now shipped from Vancouver Island. It can be sent down the Chehalis river to Gray's Harbor, and thence to the various ports on the coast.

AUCTION SALE.—There will be the regular sale of groceries, etc., at the auction and commission house of A. B. Richardson, corner of Front and Oak streets, this morning. See advertisement.

COOL AND BRACING.—The air yesterday was both cool and bracing. The usual display of summer garments was quite suddenly checked.

DEPARTURE OF THE PACIFIC.—The *Pacific* was receiving freight last evening, and would leave for Victoria and San Francisco this morning.

CIRCUIT COURT.—In Circuit Court yesterday the case of Field vs. Carruthers' administrator was dismissed. No other trial was finished.

Christian Commission.—The Rev. Dr. PATTERSON will preach Sabbath evening, Aug. 21st, at 7½ o'clock in the M. E. Church on the subject of the Christian Commission. A collection will be taken in connection with the services. All the different Churches are invited to participate in the exercises.

Oregonians should test the merits of Dr. HOSTETTER'S STOMACH BITTERS. While it is highly palatable as a beverage, it is unequaled as an invigorator. In the pursuit of fortune at the mines, many persons are exposed to the attacks of complaints of the digestive organs, and of various kinds of fever. It is the very article that has so long been in demand at the mines. Its daily use will restore the tone of a deranged stomach, impart fresh vitality to the digestive functions, and cheer the spirits. Yet the Bitters is the safest of all stimulants. Let the miner who is exposed to hot and dry, wet and cold, be certain to obtain a supply of the genuine Hostetter Bitter, and he will find it a certain safeguard to health.—Sold by Druggists and dealers generally. jy26daw

Dysentery.—For Dysentery and similar complaints of the Summer season, the PERUVIAN SYRUP has proved a remarkable preventive and cure. By imparting tone to the intestinal mucous membrane, it places this surface in the best possible condition to resist the irritation of crude and indigestible articles of food.

"A Slight Cold," Coughs.—Few are aware of the importance of checking a Cough or "SLIGHT COLD" in its first stage; that which in the beginning would yield to a mild remedy, if neglected, soon attacks the lungs. *"Brown's Bronchial Troches"* give sure and almost immediate relief. *Military Officers and Soldiers should have them, as they can be carried in the pocket and taken as occasion requires.*

RANKIN & Co., San Francisco, Agents for the Pacific Coast.

Periodical Headache—so common in uncleared and marshy countries; Tic Douloureux, that most painful affection of the nerves of the face, are often only attacks of ague in *disguise*—proceeding from the same noxious influence. Jaundice, Dyspepsia and Diarrhea, are frequently but disguised forms of Intermittent Fever. Even Rheumatism and Epilepsy; which result from the same miasmal cause. For such, Dr. Osgood's India Cholagogue is an unfailing remedy. By striking at the root of these affections, it applies with equal certainty, as for the cure of Fever and Ague in its simplest forms.

Imitations are abroad! Be particular to enquire for *Dr. Osgood's India Cholagogue.* Sold everywhere.

THE PRESIDENTS' PROCLAMATION CALLING FOR 500,000 MEN.—We give below for the benefit of our interior subscribers, the following proclamation by the President:

WHEREAS, By the Act approved July 4, 1864, entitled "An Act further to regulate and provide for the enrolling and calling out of the National forces, and for other purposes," it is provided that the President of the United States may, at his discretion, at any time hereafter, call for any number of men as volunteers, for the respective terms of one, two and three years, for military service, and "that in case the quota or any part thereof of any town, township, ward of a city, precinct or election district, or of a county subdivided, shall not be filled within the space of fifty days after such call, then the President shall immediately order a draft for one year to fill such quota, or any part thereof, which may be unfilled; and, whereas, the new enrollment heretofore ordered is so far completed as that the afore-mentioned Act of Congress may now be put in operation for recruiting and keeping up the armies in the field, for garrisons, and such military operations as may be required for the purpose of suppressing the rebellion and restoring the authority of the United States Government in the insurgent States:

Now, therefore, I, Abraham Lincoln, President of the United States, do issue this my call for five hundred thousand volunteers for the military service; provided, nevertheless, that all credits which may be established under section eight of the aforesaid Act, on account of persons who have entered the naval service during the present rebellion, and by credits for men furnished to the military service in excess of calls heretofore made for volunteers, will be accepted under this call for one, two, or three years, as they may elect, and will be entitled to the bounty provided by the law for the period of service for which they enlist.

And I hereby proclaim, order and direct, that, immediately after the 5th day of September, 1864, being fifty days from the date of this call, a draft of troops to serve for one year, shall be held in every town, township, ward of a city, precinct, election district, or a county not so subdivided, to fill the quota which shall be assigned to it under this call, or any part thereof which may be unfilled by volunteers on the said 5th day of September, 1864.

In testimony whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the City of Washington this 18th day of July, in the year of our Lord 1864, and of the independence of the United States the 89th.

ABRAHAM LINCOLN.

By the President: WILLIAM H. SEWARD, Secretary of State.

SOUTHERN "MANUFACTURES."—We have received, says the New York *Evening Post*, copies of Charleston papers, only two or three weeks old—printed on small, dingy half sheets, which indicate a sad lack of paper-making facilities. But the bad paper is not the only evidence of a poverty of invention or scarcity of material; for it happens that the staple of the editorial comments of the Charleston *Courier*, throughout two issues of that sheet, is a bitter complaint at the failure of manufacturing enterprises in the South. The self-sustaining "nation" is unable, by its own confession, to make the simplest articles in common use. We put together five paragraphs gleaned from the columns of the *Courier*:

"Has any reader of the *Courier* seen a piece of glassware of Confederate origin? After the very glowing accounts we read, months ago, of glass factories established or contemplated, we hoped to be able to 'see through a glass' some signs and tokens of attention awakened to industrial and mechanical independence. No people can or should expect to maintain independence by military achievements alone, and without efforts at self-reliance and supply in some of the arts common in use and demand in commerce and manufactures.

Kindred to glass we may mention pottery-ware in all its forms. What has become of Kaolin and its products, and of potteries that once flourished?"

"Matches are or may be considered a *light* matter, but it is no light grievance to use up a half box of matches in search of light. How many Confederate match makers have succeeded?"

"The attention of any good mechanic or engineer could be profitably turned to the supply of agricultural implements, for which, beyond the simplest tools of domestic make, we have generally depended on the Yankees. Is there any factory for supplying such implements, instruments and machines now in operation or contemplation?"

"Any persons who have tried experiments in oil making would do service by giving reports as to approved process and machinery. The prices of oils of all kinds, vegetable and animal, are still discreditably high and the supplies discreditably small for a country as amply blessed as we are with materials for the least vegetable oils and with waters yielding fish oil."

Notice.

SEALED PROPOSALS will be received at this Office until the hour of 10 o'clock A. M., September 15th, A. D. eighteen hundred and sixty-four, to furnish at this office the following supplies for public use, viz:

(1,000) Five hundred thousand pounds of merchantable OATS, to be delivered in the Quarter Master's Barns and Granaries.

(150) Three hundred and fifty tons of good TIMOTHY HAY, to be delivered in the Quarter Master's Barns and Sheds.

(2,500) Twenty-five hundred bushels of CHARCOAL, to be delivered at the Quarter Master's Blacksmith Shop.

The above articles to be delivered on or before the 30th day of November next.

Proposals to furnish portions of the above quantities will be received as follows:

Of oats, 25,000 pounds and upwards;
Of hay, 25 tons and upwards;
Of Charcoal, 600 bushels and upwards.

Payment will be made in U. S. Legal Tender Notes, or in checks drawn on the Treasury Department, payable in that currency.

Bids will state either prices in currency, or the gold prices payable in currency at gold value on the day of payment.

Each bid is required to be accompanied by a bond with two or more sureties for the performance of the proposal contained in the bid, in case it is accepted.

All contractors will be required to give bonds with good and sufficient sureties for the faithful performance of contract; also, both contractors and sureties will be required to take the oath of allegiance to the United States of America.

Contracts will be made with the lowest responsible bidder, the Quarter Master reserving to himself the right to reject any and all of the bids, if deemed unreasonable, and to contract with bidders for a less quantity than those it has the approval of the Department Commander.

BY virtue of an execution issued out of the Circuit Court of the State of Oregon, for the county of Multnomah, tested the fourth day of December, 1863, and to me directed, in a suit in said Court, wherein J. And it appearing that there is not sufficient personal property of said defendants, or either of them, I have this day levied on all the right, title, interest, claim or demand, either in law or equity, of said defendants, or which they or either of them possessed, on the 21st day of August, 1863, in and to the donation land claim of the said William Blackstone, in said Multnomah county, lying on the Willamette river, and being the first donation land claim below the claim of John H. Couch, in said county, and including that portion of his land claim which appears on page 612, of Book D of Deeds, of said county to have been conveyed to Ann Docher on the —— day of August, 1863, and in pursuance of said levy, I will on Saturday, the 10th day of September, 1864, between the hours of 10 o'clock A. PERUVIAN SYRUP,

OR PROTECTED

Solution of Protoxide of Iron,

Has been used with Great Success in Curing

DYSPEPSIA,

Affections of the Liver, Dropsy, Neuralgia, Bronchitis and Consumptive Tendencies, Disordered State of the Blood, Female Complaints, Chronic Diarrhœa, Boils, Scurvy, the prostrating effects of Lead or Mercury,

GENERAL DEBILITY,

and all Diseases which require a

Tonic and Alterative Medicine.

THE PROOFS OF ITS EFFICACY are so numerous, so well authenticated, and of such peculiar character, that sufferers cannot reasonably hesitate to receive the proffered aid.

The class of diseases for which the Syrup provides a cure, is precisely that which has so often baffled the highest order of medical skill. The facts are tangible, the witnesses accessible, and the safety and efficacy of the Syrup, incontrovertible.

From well-known Citizens of Boston.

The undersigned having experienced the beneficial effects of the "Peruvian Syrup," do not hesitate to recommend it to the attention of the public.

Certificate of Dr. Hayes.

It is well known that the medicinal effect of Protoxide of Iron is lost by even a very brief exposure to air, and that to maintain solution of Protoxide of Iron, without further oxidation, has been deemed impossible.

In the Peruvian Syrup, this desirable point is attained by COMBINATION IN A WAY BEFORE UNKNOWN; and this solution may replace all the proto carbonates, citrates and tartrates of the Materia Medica.

IODINE WATER.

IODINE WATER IS THE MOST IMPORTANT DISCOVERY of modern chemistry, and it is impossible to overestimate its influence as a remedial agent. Iodine has been considered the most useful article in Materia Medica, and many of the most scientific and practical chemists and physicians have investigated its effects upon the human system. It is to act upon the

HEART, LIVER, KIDNEYS, DIGESTIVE ORGANS AND GLANDULAR SYSTEM,

and to have great control over

SCROFULOUS AFFECTIONS.

Notwithstanding the zeal and ability which have been devoted to its investigation, it remained almost useless, until Dr Henry Anders, a physician and chemist of New York, after years of patient labor and experiment, discovered a chemical process which enabled him to dissolve

PURE IODINE IN PURE WATER

without a solvent. This, considered impossible by the Allopathic world, is attested by certificates of analysis from Dr. J. R. Chilton of this city, and Prof. Booth, U. S. Mint, Philadelphia. The importance of this discovery was so highly appreciated by the Faculty that it was published in the Medical Journals, and its use recommended to practitioners (see "American Medical Monthly," July 6, 1856, page 76.)

This valuable medicine is now available to the public for the cure of Scrofula in all its manifold forms, Consumption, Cancer, Heart, Liver and Kidney Diseases, Rheumatism, Neuralgia, Nervous Affections, Dyspepsia, Bronchitis, etc.

AS A TONIC

Its operation is evinced by strengthening the digestive organs and increased nutrition of the body is the result of the employment of Iodine. The patient recovers flesh, strength and color; hitherto pale, relaxed and feeble, he becomes full, strong and florid.

Full directions accompany each bottle.

Sold by all Druggists. Price, $1 per bottle. Prepared by Dr H. Anders & Co, Physicians and Chemists, New York.

HOSTETTER'S

CELEBRATED

STOMACH BITTERS.

THE OPERATION OF THIS PALATABLE REMEDY upon the stomach, liver and excretory organs is singularly soothing and conservative. It regulates, recruits and purifies them. Dyspepsia in all its forms yields to its control and invigorating properties.

Invigorate the System.

Vigorous digestion and pure bile produce nutritious blood, and nutritious blood a healthy frame. Does the victim of a dyspeptic stomach and a disordered liver desire to know how the digestion may be improved, the bile and other fluids of the body purified?

Dr. Hostetter's Stomach Bitters

Will accomplish this desirable revolution in the system; regulating the secretions and excretions, giving tone to the animal fibres which dissolve the food, strengthen every relaxed nerve, muscle and fibre, and brings the whole machinery of vitality into vigorous and healthful play.

Slaughter the System.

The best means of imparting vigor to the broken-down frame and shattered constitution, which has yet been invented or discovered, is proffered to the feeble of both sexes and all ages in

Dr. Hostetter's Stomach Bitters.

Debility, from whatever cause arising, may be cured; strength, in whatever manner it may have been wasted, may be restored by the use of this powerful and healthy invigorant. For indigestion and all its painful effects, bodily and mental, they are a positive specific.

A word to the Aged.

In the decline of life the loss of vital force consequent upon physical decay can only be safely supplied by some vivifying preparation which recruits the strength and spirits, without entailing the exhaustion which is always the final effect of ordinary stimulants. We tender to the aged

Dr. Hostetter's Stomach Bitters;

As an invigorant and restorative, immediate in its beneficial action and permanent in its effects. It tones the stomach, improves the appetite, and acts like a charm upon the spirits.

For Females.

Thousands of ladies resort to it as a remedy for hysteria, flattering of the heart, nervous headache, vertigo, general debility, and all peculiar disturbances and derangements to which, as a sex, they are subject. It obtains and enlightens the depressed mental powers, as well as strengthens the body, and its use is never followed by any reaction.

ap23tf RICHARDS & McCRAKEN.

From the Army Hospital—the bloody battle-field—the mansion of the rich and humble abode of the poor—from the office and the sacred desk—from the mountain top, distant valleys and far-off islands of the ocean—from every nook and corner of the civilized world—is pouring in the evidence of the astonishing effects of DRAKE'S PLANTATION BITTERS. Thousands upon thousands of letters like the following may be seen at our office.

REESEBURY, WIS., Sept. 16, 1864.

"* * * I have been in the army hospitals for fourteen months—speechless and nearly dead. At Alton, Ill., they gave me a bottle of Plantation Bitters. * * * Three bottles restored my speech and cured me * * * C. A. PLAUTE."

SOUTH WARSAW, O., July 28, 1863.

"* * * One young man, who had been sick and not out of the house for two years with Scrofula and Erysipelas, after paying the doctors over $150 without benefit, has been cured by ten bottles of your Bitters.

EDWARD WOUNALL.

The following is from the manager of the Union Home School for the Children of Volunteers:

HAVEMEYER MANSION, FIFTY-SEVENTH STREET, NEW YORK, August 2, 1863.

"DR. DRAKE: Your wonderful Plantation Bitters have been given to some of our little children suffering from weakness, and weak lungs with most happy effect. One little girl, in particular, with pains in her head, loss of appetite, and daily wasting consumption, on whom all medical skill had been exhausted, has been entirely restored. We commenced with but a teaspoonful of Bitters a day. Her appetite and strength rapidly increased, and she is now well. * * * Respectfully, MRS. O. M. DEVOE."

* * * I owe much to you, for I verily believe the Plantation Bitters have saved my life.

REV. W. H. WAGGONER, Madrid, N. Y."

* * * Then will send me two bottles more of thy Plantation Bitters. My wife has been greatly benefited by their use.

Thy friend, ASA CURRIN, Philadelphia, Pa."

* * * I have been a great sufferer from dyspepsia, and had to abandon preaching. * * * The Plantation Bitters have cured me.

REV. J. E. CATHORN, Rochester, N. Y.

* * * Send me twenty-four dozen more of your Plantation Bitters, the popularity of which are daily increasing with the guests of our house.

* * * The Plantation Bitters have cured me of a derangement of the kidneys and urinary organs that has distressed me for years. It acts like a charm.

C. C. MOORE, 254 Broadway, N. Y.
etc. etc. etc. etc. etc.

The Plantation Bitters make the weak strong, the languid brilliant, and are exhausted nature's great restorer. They are composed of the celebrated Callisaya Bark, Wintergreen, Sassafras, Roots, Herbs, &c., all preserved in perfectly pure St. Croix Rum.

S. T.—1860.—I.

Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, &c., deserve to suffer if they will not try them.

They are recommended by the highest medical authorities, and are warranted to produce an *immediate* beneficial effect. They are exceedingly agreeable, perfectly pure and harmless.

Notice.—Any person pretending to sell Plantation Bitters in bulk or by the gallon is a swindler and impostor. It is put up only in our patent log cabin bottle. Beware of bottles refilled with imitation deleterious stuff for which several persons are already in prison. See that every bottle has our private United States Stamp over the cork unmutilated, and signature on steel plate side label.
